

		Package Prices in Each Run (per package) – for different volumes			
		2-5	5	10	20
<b>FIBER TYPES</b>	Package with 12 channel SMF Fiber Arrays	€5000	€3550-€3850	€2,900-€3100	€2400-€2600
	Package with 12 channel PMF Fiber Arrays	€6000	€4000-€4300	€3300-€3600	€2900-€3100
	Package with 24 channel SMF Fiber Arrays	€5500	€3700-€4000	€3100-€3300	€2600-€2800
	Package with 24 channel PMF Fiber Arrays	€6500	€4800-€5100	€4100-€4500	€3800-€4000
	Package with single lensed fibers	€5000	€3500	€2700	€2100

**These prices include wire-bonding, optical assembly (2 fiber or fiber array attachments from both sides of user PIC - edge or grating coupling), all package materials (mechanical parts, PCBs, TEC, thermistors and 2 fibers or fiber arrays) and shipment.**

**The packaging cost is grouped based on fiber types (no. of channels or SMF/PMF fibers) as fiber costs are depending on these specifications.**

**Prices also dependent to number of packages to be built in each MPP-Run, i.e. if a total of 5 package are to be provided to different users registered for a prescheduled MPP-RUN, the package price for each registered user will be between €3500 and €5100 (Column2), depending on their specific fiber requirements.**
